

# BENT WALL

WALL LIGHT  
BY SEBASTIAN HERKNER

pulpo

## SCULPTURAL. SOPHISTICATION. UNIQUE

Crafted as a distinctive wall lamp, Bent Wall merges the elegance of a lampshade with a bold presence. Its defining feature is a handcasted curved glass, that seamlessly integrates into the wall, creating a captivating play of light and shadow. The surface of the glass, with its irregular grooves and unique, random patterns, is the result of a cooperation between traditional craft and design.

## PRODUCT CHARACTERISTICS

The bent wall is a masterwork of traditional craftsmanship. Each lamp is handmade and has characteristic features such as irregularities in glass thickness, colour variations, small bubbles or bumps in the glass.

### CARE INSTRUCTIONS

Regular cleaning and maintenance is important in order to keep your pulpo product looking its best and to prolong its life. Always remove any kind of dirt as soon as possible. We recommend that you first test a small, invisible area to ensure that no colour change or damage arises to the product. Do not use materials for maintenance that contain abrasive agents or are basic, acid or organic.

### METAL CLEANING

**STEEL POWDER COATED**  
For dusting and light cleaning of the base, use a soft and dry cloth. For further cleaning, gently wipe the surface with a soft cloth wrung in clean water and a neutral detergent or soap flakes of good quality. Dry immediately afterwards with a soft, dry and clean cloth. For the best maintenance of the product, care for it regularly, protect it against direct sunlight and heat, and try to keep it away from moisture, grease, and other dirt. Furthermore, protect the surfaces against sharp objects and other that might scratch.

### GLASS CLEANING

For dusting and light cleaning of glass use a soft, dry cloth. For further cleaning gently wipe the surface with a soft cloth wrung in clean water and a non-abrasive commercial glass cleaner. Dry immediately afterwards with a soft, dry and clean cloth. Please note that bubbles, streaks and other variations in size and colour are part of the production process, and not defects of the design or production of handmade glass.
