

DARK. HEAVY. RAW.

The Marino sideboard by Studio speziell® is characterized with its extruded ceramic form and a raw, glossy glaze in the deepest black. Its bold, architectural lines and precise craftsmanship reflect a minimalist and avant-garde aesthetic and it impresses with its immense weight

PRODUCT CHARACTERISTICS

The Marino sideboard is made of extruded ceramic, a process that provides structural strength and a linear texture. This technique creates a tactile surface that interacts with light and shadow. Its modular design ensures both stability and functionality.

CARE INSTRUCTIONS

Regular cleaning and maintenance is important in order to keep your pulpo product looking its best and to prolong its life. Always remove any kind of dirt as soon as possible. We recommend that you first test a small, invisible area to ensure that no colour change or damage arises to the product. Do not use materials for maintenance that contain abrasive agents or are basic, acid or organic.

CERAMIC CLEANING

Use a clean, soft cloth to gently wipe the surface to remove dust and stains. For stubborn stains, dilute a small amount of neutral detergent, wipe with the solution, rinse with clean water, and then dry with a dry cloth
