Prato is the Italian name for field. Nature has the extraordinary capacity of bringing together a variety of elements and species in the most harmonious manner. The Prato rug intends to celebrate the underlying complexity that can be found in a meadow and it is an invitation to take a closer look to the dialogue between all the elements, their shapes and how they interact with each other. Prato is a rug that resembles a meadow, its diverse wildlife and its beautiful, unexpected patterns. Woven with a soft alpaca blend cord with delicate linen and silk embroideries, this rug evokes the colorful splendor of blossoms in a field.
